

National Kidney Foundation™

of HAWAII

Dear Friend:

Thank you very much for your interest in joining our “Kidney Cars” Family! The Kidney Cars program is a special way to fight kidney disease by donating your vehicle to help further our programs and services here in Hawaii.

Your donation funds:

- Free Statewide Kidney Screenings
- Medical Research & Organ Donation Initiatives
- Support Groups and Financial Assistance for Patients
- Free Children’s Programs and CD ROMS
- Medical Professional Education

Other ways to help:

- Enjoy a tax deduction by donating real estate, stocks or including us in your will. Call (808) 589-5961 for details.
- Participate in our many special events. Go to www.kidneyhi.org for listings.

Did you know that Hawaii’s kidney failure rate is 30% higher than the national average? Chances are good that you know someone with kidney disease or are even afflicted yourself. Whether or not you decide to donate your vehicle, please read about the early warning signs of kidney failure and ask for a free kidney screening. Knowing the early warning signs just might help prevent kidney failure in your life or the life of someone you love. The warning signs are:

- Burning or difficulty during urination
- Passage of blood-appearing urine
- Puffiness around eyes, swelling of hands and feet (especially in children)
- Pain in small of back just below ribs (not aggravated by movement)
- More frequent urination, particularly at night
- High Blood Pressure

With over 200,000 Hawaii residents at serious risk or afflicted by kidney disease, your vehicle donation helps us reach out to thousands of families each year. As we continue to increase and expand our programs and services that focus on preventing kidney disease and providing support for our kidney patients and their families, every donation makes a difference.

You may have heard that tax laws have changed, but one thing remains the same—DONATING YOUR CAR IS STILL A GREAT WAY TO GET A GREAT TAX DEDUCTION. Here at the National Kidney Foundation of Hawaii, we care about our donors and we are taking every step necessary to get you the best tax deduction possible.

We look forward to hearing from you and thank you again for supporting the National Kidney Foundation of Hawaii.

Sincerely,

Glen Hayashida
Chief Executive Officer
